## A MESSAGE TO THE TAXPAYERS OF ESSEX COUNTY

I am thrilled to share more news of the investments being made in the Riding of Essex.

The Ontario Government is supporting municipalities in the riding through programs such as the Ontario Municipal Partnership Fund and the Ontario Community Infrastructure Fund. We are continuing to make investments in healthcare, doubling the number of MRIs available to residents in our riding.

I encourage you to read further to find out more about these investments, which municipalities are recipients, and more about what is being done in the riding.

It is my privilege to be your representative at Queen's Park.

**\$18,415,636**  
in new investments to  
municipalities in Essex

**OUR INVESTMENTS EXPLAINED**

**The Ontario Community Infrastructure Fund (OCIF)** provides funding to help small, rural and northern communities renew and rehabilitate critical infrastructure.

**The Ontario Municipal Partnership Fund (OMPF)** is the Province's main general assistance grant to municipalities. The program primarily supports northern and rural municipalities across the province.

**New Healthcare investments** include funding to double the number of MRIs available to residents of Essex, dramatically reducing wait times for about 5000 patients a year. Also, Essex County will receive **\$202,083** from the Dedicated Offload Nurses Program to hire nurses and additional health care workers who are dedicated to offloading ambulance patients in emergency departments. This support will reduce ambulance offload times, allowing paramedics to respond to other emergency calls.
